Form 20-F for the fiscal period ending December 31, 2020

Part 1, page 4

1. At the onset of Part I, please disclose prominently that you are not a Chinese operating company but a Cayman Islands holding company with operations conducted by your subsidiaries and through contractual arrangements with a variable interest entity (VIE) based in China and that this structure involves unique risks to investors. Explain whether the VIE structure is used to replicate foreign investment in Chinese-based companies where Chinese law prohibits direct foreign investment in the operating companies, and disclose that investors may never directly hold equity interests in the Chinese operating company. Your disclosure should acknowledge that Chinese regulatory authorities could disallow this structure, which would likely result in a material change in your operations Dinggui Yan FirstName LastNameDinggui Yan Jiayin Group Inc. the value of such securities to significantly decline or become worthless. Provide a cross-  $\,$ 

reference to your detailed discussion of risks facing the company and the offering as a  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

result of this structure.

2. At the onset of Part I, provide prominent disclosure about the legal

and operational risks

associated with being based in or having the majority of the company  $\boldsymbol{s}$  operations in

China. Your disclosure should make clear whether these risks could result in a material

change in your operations and/or the value of your ADSs or could significantly limit or  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

completely hinder your ability to offer or continue to offer securities to investors and

cause the value of such securities to significantly decline or be worthless. Your disclosure  $\,$ 

should address how recent statements and regulatory actions by China s government, such

as those related to the use of variable interest entities and data security or anti-monopoly  $\ensuremath{\mathsf{N}}$

Company section should address, but not necessarily be limited to, the risks highlighted in

Part I.

 At the onset of Part I, clearly disclose how you will refer to the holding company,

subsidiaries, and VIEs when providing the disclosure throughout the document so that it is

clear to investors which entity the disclosure is referencing and which subsidiaries or

entities are conducting the business operations. Refrain from using terms such as  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +$

(including the domicile) in which investors are purchasing their interest.

Item 3. Key Information, page 4

4. At the onset of Item 3, disclose clearly that the company uses a structure that involves a

 $\,$  VIE based in China and what that entails and provide early in the summary a diagram of

the company  $\,$  s corporate structure, including who the equity ownership interests are of

each entity. Describe all contracts and arrangements through which you purport to obtain

economic rights and exercise control that results in consolidation of the  ${\tt VIE}$  s operations

and financial results into your financial statements. Identify clearly the entity in which

investors are purchasing their interest and the entity(ies) in which the company s

operations are conducted. Describe the relevant contractual agreements between the

entities and how this type of corporate structure may affect investors and the value of their

investment, including how and why the contractual arrangements may be less effective

than direct ownership and that the company may incur substantial costs to enforce the

terms of the arrangements. Disclose the uncertainties regarding the status of the rights of

the Cayman Islands holding company with respect to its contractual arrangements with the  $\,$ 

 $\ensuremath{\text{VIE}}\xspace$  , its founders and owners, and the challenges the company may face enforcing these

contractual agreements due to uncertainties under Chinese law and jurisdictional limits.

5. At the onset of Item 3, disclose the risks that your corporate structure and being based in

or having the majority of the company  $\,$  s operations in China poses to investors. In

particular, describe the significant regulatory, liquidity, and enforcement risks with cross-

references to the more detailed discussion of these risks in your risk factor disclosure. For

example, specifically discuss risks arising from the legal system in China, including risks

and uncertainties regarding the enforcement of laws and that rules and regulations in

China can change quickly with little advance notice; and the risk that the Chinese

government may intervene or influence your operations at any time, or may exert more

control over offerings conducted overseas and/or foreign investment in China-based

issuers, which could result in a material change in your operations and/or the value of

your ADSs. Acknowledge any risks that any actions by the Chinese government to exert  $% \left( 1\right) =\left( 1\right) +\left( 1\right$

investment in China-based issuers could significantly limit or completely hinder your

ability to offer or continue to offer securities to investors and cause the value of such  $\,$ 

securities to significantly decline or be worthless.

6. Provide a clear description of how cash is transferred through your organization. Disclose

your intentions to distribute earnings or settle amounts owed under the VIE agreements.

Quantify any cash flows and transfers of other assets by type that have occurred between

the holding company, its subsidiaries, and consolidated VIEs, and direction of transfer.

Quantify any dividends or distributions that a subsidiary or consolidated VIE have made  $\,$ 

to the holding company and which entity made such transfer, and their tax consequences.

Similarly quantify dividends or distributions made to U.S. investors, the source, and their  $\,$ 

 $\ensuremath{\text{tax}}$  consequences. Describe any restrictions on foreign exchange and your ability to

transfer cash between entities, across borders, and to U.S. investors. Describe any  $\,$ 

restrictions and limitations on your ability to distribute earnings from your businesses,  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +$ 

including subsidiaries and/or consolidated VIEs, to the parent company and U.S. investors  $\,$ 

as well as the ability to settle amounts owed under the VIE agreements.

7. We note that the consolidated VIEs constitute a material part of your consolidated

 $\mbox{financial statements. Please provide in tabular form condensed consolidating schedule -}$ 

depicting the financial position, cash flows and results of operations for the parent, the

consolidated variable interest entities, and any eliminating adjustments separately – as of

the same dates and for the same periods for which audited consolidated financial  ${\ensuremath{\mathsf{C}}}$ 

statements are required. Highlight the financial statement information related to the  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

variable interest entity and parent, so an investor may evaluate the nature of assets held  $% \left( 1\right) =\left( 1\right) +\left( 1\right)$ 

by, and the operations of, entities apart from the variable interest entity, which includes  $\frac{1}{2}$ 

the cash held and transferred among entities.

Item 3D. Risk Factors, page 6

8. Given the Chinese government  $\,$  s significant oversight and discretion over the conduct of

your business, please revise to separately highlight the risk that the Chinese government

 $\,$  may intervene or influence your operations at any time, which could result in a material

change in your operations and/or the value of your ADSs. Also, given recent statements  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($

offerings that are conducted overseas and/or foreign investment in

China-based issuers,

acknowledge the risk that any such action could significantly limit or completely hinder

your ability to offer or continue to offer securities to investors and cause the value of such

securities to significantly decline or be worthless.

9. In light of recent events indicating greater oversight by the Cyberspace Administration of

China over data security, particularly for companies seeking to list on a foreign exchange,  $\$ 

 $\,$  please revise your disclosure to explain how this oversight impacts your business and your

offering and to what extent you believe that you are compliant with the regulations or

policies that have been issued by the CAC to date.
